Why Shop ADAC?

Dana is based out Birmingham, so when she comes to Atlanta, it's important to know exactly where to go. As she describes, ADAC "truly is a one-stop shop," and she knows she can find exactly what she's looking for to make the most out of her time.

2020 Trends

According to Dana, "jewel tones are hot right now!" The Diamond Lamp by Bella Figura at Donghia perfectly captures this trend. Not only is it a beautiful, rich shade of emerald green, it also captures the natural elegance of a jewel in shape.

Home of the Fabric Houses

Dana says "with all the different fabric houses (at ADAC), it's easy to add a fabric that I love." She added a fabric she loves to her Product Launch Showcase design by including custom upholstery sofa pillows, highlighting the new Sereno Strip Fabric from Kelly Wearstler available at Kravet.
