## SOUTHEAST DESIGNERS & ARCHITECT OF THE YEAR

CALL FOR ENTRIES NOW OPEN | [Download Entry Form](#) ►

ADAC is thrilled to announce that the Call for Entries is now open for the prestigious 2021 Southeast Designers & Architect of the Year awards. Each year, ADAC recognizes firms and individuals from across the Southeast who exemplify the highest level of talent in the categories of Residential Interior Design, Contract Interior Design, and Architecture.

An esteemed panel of three judges will be responsible for the selection of finalists and winners in each of the three categories. Judges include a notable architect, an acclaimed interior designer, and VERANDA's Editor-in-Chief, Steele Marcoux.

With safety in mind and government regulations permitting, winners will be announced at the ADAC Southeast Designers & Architect of the Year Awards Gala, which is co-sponsored by VERANDA. The ceremony will coincide with ADAC's annual fall market week, DISCOVER ADAC, September 21 – 23, 2021. In addition to being recognized by VERANDA and Business of Home, a press release highlighting the finalists and winners will be sent to top-tier national, regional, and local media. Finalists and winners will also be promoted on ADAC social media channels and recognized in celebratory announcements from select media partners.

## EXAMPLES

### Project A

A busy creative needed a home that would serve as a retreat from hectic travels, as well as a place to work and entertain informally. The compact structure was fitted onto a petite site, taking advantage of city views via a terrace and small pool. A neutral palate was selected that would be calm and serene. Clean simple interiors of sleek plaster walls and stone floors contrast with white washed wood plank ceilings, to create a backdrop for his collection of relics and artifacts.

### Project B

This restaurant in a renovated mid-century dry cleaner has a fresh color palette of warm white, moss green and slate grey against open brickwork walls, walnut and leather banquettes and book matched marble counter tops. Three custom-designed chandeliers hang from a reclaimed oak parquet ceiling hang over the focal point of the space; a semi-circular hand-burnished brass counter top showcasing an expansive oyster bar.

### Project C

The master bedroom suite I had in mind was for the lady of the house, whom I “imagined to be strong and decisive but able to tap into her feminine side when she gets home.” A soft palette of pale gray-green and ivory creates a peaceful atmosphere, while further tranquility is provided by the canopy bed, a veritable room within room that is dressed in 140 yards of fabric. To accent the room, I used a few dark accessories, such as a large chinoiserie screen, placed above a custom sofa, and a striking photo over the mantel.
